Social Accountability Certification

The SA8000 standard (Social Accountability 8000) is based on the principles of international workplace norms contained within the ILO (International Labour Organisation) conventions, UN's Universal Declaration of Human Rights and the Convention on the Rights of the Child.

The fundamental focus of SA8000 is to improve working conditions around the world. This intent has pioneered the way forward for organisations to improve and demonstrate their corporate social responsibility (CSR) in regards to basic human rights in the workplace.

The requirements of SA8000 are incorporated within the following categories:

- 1 Child Labour
- 2 Forced and Compulsory Labour
- 3 Health and Safety

- 4 Freedom of association and rights to collective bargaining
- 5 Discrimination
- 6 Disciplinary Practices
- 7 Working hours
- 8 Remuneration
- 9 Management Systems

IQNet SA8000 certification provides independent assurance and confidence that an organisation's social accountability management system is effectively implemented. This confidence is enhanced through IQNet's global presence, credibility and reputation in management systems certification.

Benefits

Organisations can demonstrate their commitment to socially responsible business practices by becoming certified to SA8000.

Benefits for certified organisations

- Demonstrated commitment to socially responsible business ethics
- Brand protection
- Enhanced reputation as a responsible corporate citizen
- Consumer confidence and positive investor perception
